

 REGENCY P65MY

Setting the Course

Decompress as you step aboard a Regency Yacht. Designed for quiet beauty, engineered to the finest detail, each of our yachts is a moveable space that lives large. Crafted by a family-owned Taiwanese company who have been building yachts for over 50 years, our vessels offer five-star amenities along with excellent seakeeping capabilities. Enjoy European sophistication and modern technology suited to your cruising lifestyle.

Living Large

The open concept salon, pilothouse, and after deck provide great socializing spaces with exceptional visibility from the helm both fore and aft. The salon offers a fabulous entertainment center, including a custom-designed theater system, beverage center with a wine captain, sink, and stemware cabinet all encompassed in a handcrafted walnut cabinet. The salon's sumptuous furnishings invite guests to relax as they take in the view of sea and sky.

It's All in the Details

Remarkable craftsmanship is reflected in subtle ways throughout the yacht including some of the finest handcrafted hardwood carpentry found in the marine industry today. Beautifully honed wood, granite, marble, and stainless steel are used throughout the interior. Every detail is attended to from distinctive wall coverings to European hardware and bronze tinted windows.

Fine Dining

Every detail of the chef's galley is calculated for maximum efficiency and elegance. Designed with room for two, the galley features first-class appliances, granite countertops, and a retractable splash guard. The oven and separate speed oven, four-burner cooktop, refrigerator, dishwasher, and abundant freezer and storage space are chosen for a chef's ease. Meals can be served on the elegant walnut dining table at the dining settee.

Navigate with Confidence

Take command from one of the four helm stations, and set your course with the standard Garmin navigation suite.

Exquisite Craftsmanship

Traditional handmade quality and modern elements create an inviting environment that appeals to the senses at every turn. Seamless walnut woodwork with a smooth satin finish winds its way throughout the yacht. Horizontal wood grain adorns the walls echoing the wave patterns in the sea, an effect that is painstakingly achieved and soothing to the eye. European metal fixtures add a solid grace to every door and cabinet.

Five-Star Luxury

From the full-beam owner's suite to the guest staterooms, to the main living space, the yacht is equipped with unique features and exquisite furnishings. Each Regency client works with a professional interior decorator to create a design suited to their own, particular cruising lifestyle. Every detail from window treatments, to towels and toiletries is provided so that the yacht is cruise-ready from day one.

Wellbeing Begins Inside

Life aboard a Regency yacht feels like time spent in a five-star boutique hotel. The interior reflects the patterns and heartbeat of the open water in cozy, luxuriously appointed staterooms. Special touches such as spa-inspired heads with heated granite floors, custom mattresses, fine linens, and thoughtfully-designed storage spaces elevate the experience so guests can be the most relaxed version of themselves.

Top Flight

The entire Regency yacht exterior is designed for entertaining. The spacious flybridge is equipped with a private sunbathing lounge, a settee with a glass-topped table, an L-shaped fully-equipped bar with a refrigerator, sink, and an icemaker. Guests can enjoy the flybridge barbecue and built-in TV as they relish their surroundings and the gentle ocean breeze.

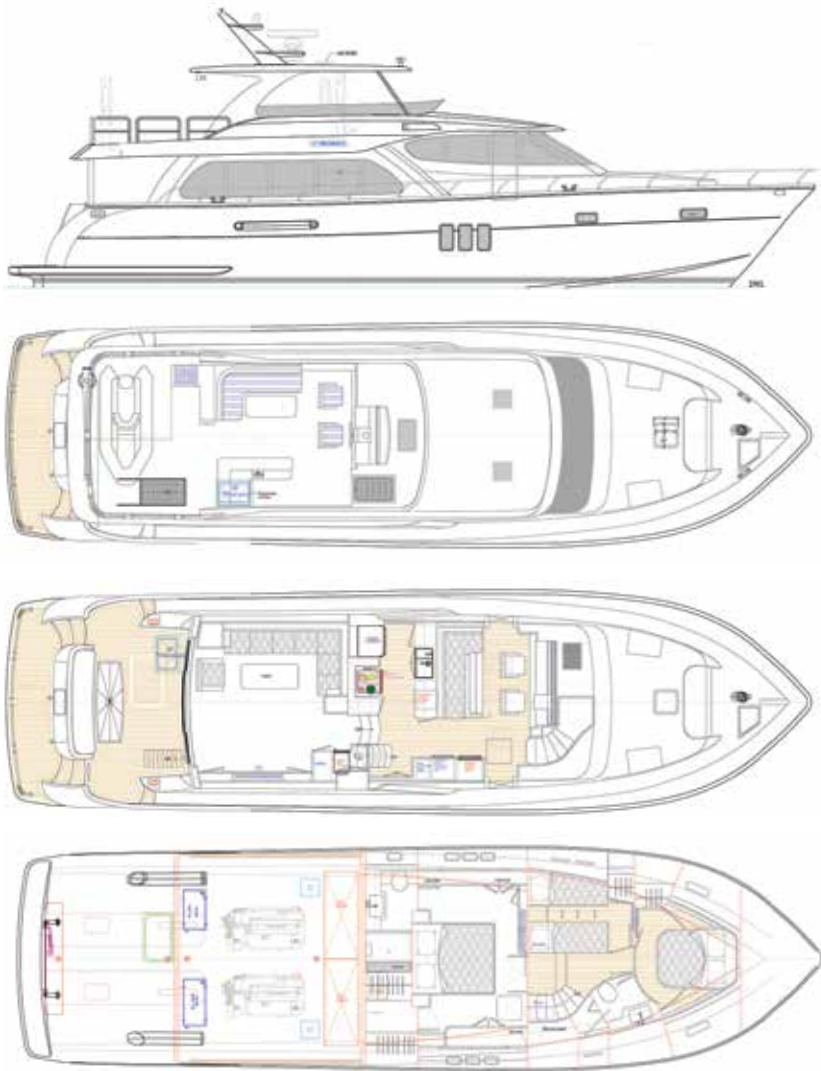

Open Air Lounging

Both fore and aft decks offer built-in lounge areas for friends and family to gather.

		
POWER	Twin Cat Cummins or Volvo Tier 3 compliant diesel engines	
GENERATORS	Twin 12kw & 20kw Northern Lights
